

Preservation and Development by Terry Warco

We conducted 2 more Parish town hall meetings in January. In each, we received suggestions and comments which the committee will consider. We also sent questionnaires to all Mission Heads asking for information about their needs. All Mission Heads should be encouraged to respond as all responses will be reviewed and will be considered as we move to the next step in the development of our plan.

Church Cleaning by Nina Eshleman

St. Mary's Volunteer Cleaners came through in a sparkling way this past Tuesday, Jan. 24, helping to rid the church proper of the insidious red brick dust. 8 regulars and three please-help-we-need-you's stayed after the noon Mass (and came after work, thank you Ann Marie Driscoll!) and got their dust clothes on and did a wonderful job! Those red-headed dust bunnies did not know what hit them. Thanks to all those brave women and men who responded to the "get 'er clean" shout out. Nina
